📍 Indore, India

SUMMARY

I am a fresher looking for an opportunity as a frontend developer, where I can work and develop myself as well as help in the growth of the company. My career objective is to seek employment with a company that offers me a consistently positive atmosphere to learn new technologies and implement them for the betterment of the business. To utilize my skills and abilities in an organization that encourages continuous learning and creativity provides exposure to new ideas and stimulates personal and professional growth.
